

HOW DOES AGENTIC AI WORKS?

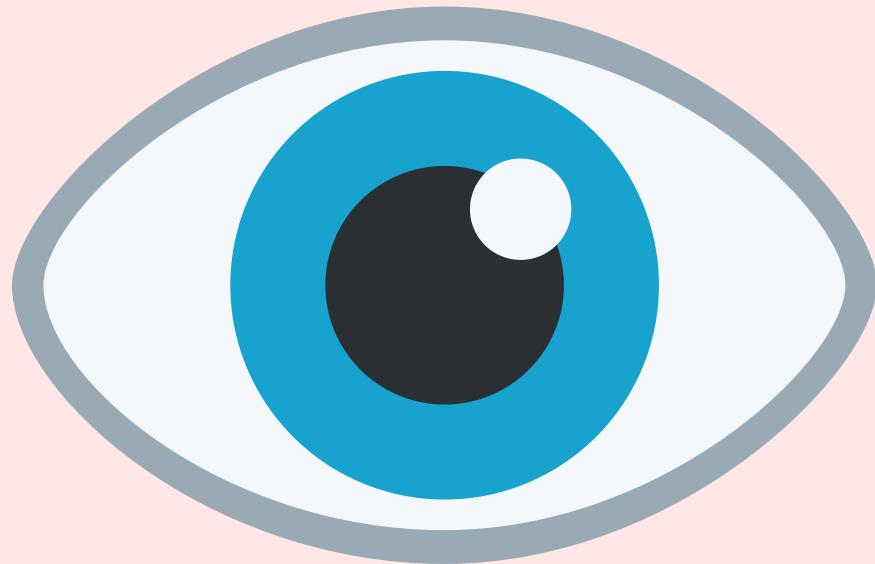

Nensi Ravaliya

Step 1

WATCH/LISTEN (Perception)

The AI looks at all information

- What's important?
- What can I use?

Nensi Ravaliya

Step-2

THINK (Reasoning)

The AI thinks about the problem

- What needs to happen?
- How?

Nensi Ravaliya

Step-3

PLAN (Decision Making)

The word "PLAN" is rendered in a large, bold, blue font. The letters have a three-dimensional perspective, appearing to recede towards the bottom right. The font is sans-serif and has a slight shadow or glow effect at the edges.

he AI decides what to do

→ Which action is best?

Nensi Ravaliya

Step-4

DO (Action)

The AI takes action

→ Uses tools, changes things, solves problem

Nensi Ravaliya

Step-5

LEARN (Memory)

The word "LEARN" is rendered in a large, bold, blue font. The letters have a three-dimensional perspective, appearing to recede towards the bottom right. The font is sans-serif and has a slight shadow or glow effect at the edges.

The AI remembers

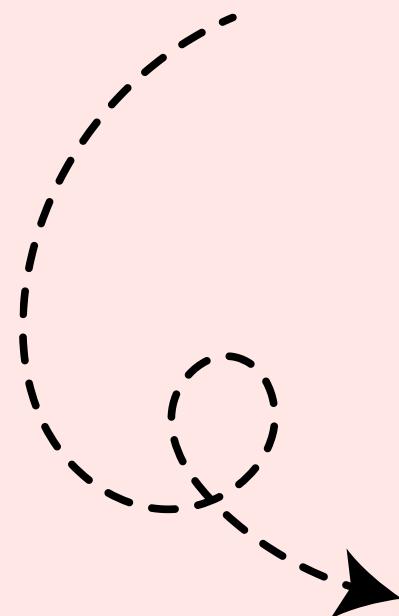

- What worked?
- What didn't?
- How to do better next time?
